

When pressed for time, it is convenient to have quick tips readily available. Below you will find relevant resources on diabetes management during COVID-19 that highlight key points and you can reference them when needed. Also, don't miss the chance to share your tips on remote glucose monitoring with your peers.

## LifeScan Diabetes Institute Joins Global Effort to Reduce Risk For People with Diabetes During COVID-19 Pandemic

JDRF - Beyond Type 1 Alliance is sharing recommendations for people with diabetes during COVID-19, aiming to curb the spread of COVID-19 and protect those most vulnerable. The recommendations were created by the JDRF - Beyond Type 1 Alliance and are also endorsed by the American Diabetes Association, Harvard Medical School and The International Society for Pediatric and Adolescent Diabetes (ISPAD). The PDF is currently available in several languages, with a goal to translate into as many languages as possible.
